PART# 5018-006 AUGER CARRIER FOR UNIVERSAL ATV MOUNTING

The Auger Carrier can attach to ATV rack tubing with the U-Clamps provided, choose the best fitting size from 3/4" to 7/8"

Use the 5/16 x 1-3/4 Hex Bolt to go through the clamp up around rack tube and through the Auger Carrier then use the 5/16 Flat washer and nylock nuts on the inside of Auger Carrier. There is extra bolt included for any other kind of mounting.

Do not speed or drive in rough terrain. Make sure Auger is secure at all times. Do not trailer ATV with Auger in Carrier
