**WINCH MOUNT INSTALLATION INSTRUCTIONS**  
05-16 Kawasaki Mule 610 / 2017 Kawasaki Mule SX

**NOTE:** Fairlead is not included with winch mount kit

Remove the lower front plastic bumper cover.

You can remove the two bolts on the left side mud shield that is connected to the frame for easier access.

Some winches may need to be installed before winch mount goes in place and winches can be mounted on the flat service or the back. Use hardware provided with the winch to install winch.

Install winch mount like shown in the illustration using the U-bolt provided in the kit along with the flat washer and nylock nuts. Tighten all bolts securely.

Install the fairlead with hardware provided with winch and wire to there instructions.
